

GM50B

SINGLE BRUSH WALK BEHIND FLOOR SCRUBBER

High Efficient Flexible & Economical Auto Floor Scrubber

Advantages:

Reliable, durable,
affordable price

Greatly improve
cleaning efficiency,
reduce cleaning cost

Obviously enhance
hygienic level of
cleaned venues

Visual buttons on the
instrument panel,
easy operation with-
out special training

Applications:

GM50 series auto floor scrubber - washing, brushing and suction are all done at one time. Floor would be as clean as a new one. Dirty water, mud, sand, stains and oil contaminations are all sucked into recovery tank. It can greatly simplify cleaning work, reduce cleaning fatigue, rapidly clear away all dirt on the floor and obviously enhance hygienic quality, specially suitable for areas covering 500 sq.m.-2000 sq.m.

GM50B

SINGLE BRUSH WALK BEHIND FLOOR SCRUBBER

400W HLM driving motor, easy to cross speed bump

Battery meter :
Timing function for operation.
easy for man-hour calculation

AMETEK vacuum motor,
powerful suction with V-shape
squeegee-assy, no stains or
waste water residues on floor
tiles
